TRAILER CORP

# SPECTRUM

SERIES

### EQUALIZER TORSION AXLE

- The independent action provides greater control and stability
- Torsion axle mounts directly to the frame resulting in greater ground clearance
- No leaf springs, hangers, u-bolts, etc. to become clogged with mud, snow or ice

### RIVETLESS SMOOTH EXTERIOR \*

- Allows for easy decal application
- A **3M** VHB (very high bond) tape seals between the aluminum panels
- VHB tape allows aluminum to expand and contract with temperature fluctuations

### V-NOSE FRONT

- Aerodynamic sleek finish directs air flow to allow for easy towing

Plus 17ft 3HA TAG

**BEFORE YOU BUY, LOOK FOR THIS MARK** - Southland Trailer Corp. proudly displays the NATM compliance decal, signifying all our trailers comply with established industry standards and DOT's federal motor vehicle safety standards and regulations. It is the mark of a high standard.

**14ft 2HA TAG**

**14ft 2HA TAG COMBO**

**REMOVABLE FOLDING BLANKET BAR**

- Swing out bars allow for convenient stow away of blankets

**ALUMINUM CABINET WITH MIRROR \***

- Paper towel holder
- Mirror flips down and converts to storage shelf

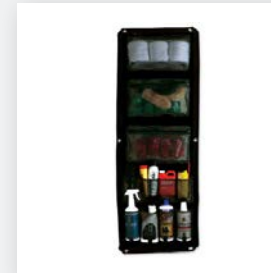

**ALUMINUM SADDLE RACKS**

- Removable
- Flip down feature allows convenient storage when not in use

**ALUMINUM ONE PIECE ROOF**

- Eliminates seams to ensure the cargo stays dry
- Bowed roof enhances drainage/prevents pooling
- Will never rust

**TACK ROOM ORGANIZER \***

- Sturdy black nylon
- Pockets can be zippered shut
- Vented pockets allow pockets to breathe

**AUTO LOCKING HASP \***

- Automatically closes
- Prohibits access to mounting holes
- Cannot be cut with bolt cutters
- Secures cam bar with lockable hasp

### SATIN COAT STEEL SHELL

- Over 90% of the trailer shell (walls, roof cove, V-nose, fenders and running boards) is constructed of stain coat (galvanneal) steel. This zinc coated steel ensures excellent rust resistance, and greatly increases the lifespan of the trailer.

### EQUALIZER TORSION AXLE

- The independent action provides greater control and stability
- Torsion axle mounts directly to the frame resulting in greater ground clearance
- No leaf springs, hangers, u-bolts, etc. to become clogged with mud, snow or ice

### SPARE TIRE CARRIER

- Standard on all models

### DROP LEG JACK

- All gooseneck models come with a 10,000 lb, spring loaded drop leg jack

## GS247069-70TRI - Charcoal w/ Double Centre Gate

**LEADING THE WAY** – Southland Trailer Corp. is a Canadian Welding Bureau (CWB) Certified plant. CWB is a welding standard signifying our trailers comply with national recognized welding standards. Southland Trailer Corp. welding processes and welding staff are inspected over 12 times a year by CWB engineers to ensure we maintain the highest standard of quality. Southland Trailer Corp. is one of the only trailer manufacturers in Canada with this mark. It's one of many proactive steps we take to maintain our commitment to quality and consumer safety.

**TS166669-60**

**GS207069-70**

**CENTRE GATE RELEASE**

- Spring-loaded gate release allows you to open gates from exterior of the trailer, ensuring your safety

**STORAGE SPACE \***

- a swing down GN gate allows for extra cargo to be safely stowed away during travel

**FULL SWING / SLIDE REAR DOOR**

- Four latch points ensure safety while travelling down the road

**ALUMINUM ONE PIECE ROOF**

- Eliminates seams to ensure the cargo stays dry
- Bowed roof enhances drainage/prevents pooling
- Will never rust

**DURABLE WALLS**

- The steel tube sub-rail provides strength and support for the 3/8" plywood lining

**GATES**

- Depending on the model, Southland stock trailers come with a single slam gate, two position gate or two double slam gates

# OPTIONS

## 1. ALUMINUM RIMS

These heavy duty high capacity aluminum rims greatly improve the look of your trailer and also reduce the dead weight that you are pulling around with steel wheels. They will never rust, will make your trailer stand out amongst all others and look great for years to come.

## 2. VULCANIZED RUBBER FLOOR MATS

These heavy duty floor mats are durable and strong enough to protect your flooring, and most importantly the cargo inside. Interior rubber floor mats also help reduce noise and vibration, which helps keep the livestock calm during travel. Lastly the rigid surface provides increased traction.

## 3. SMOKED PLEXIGLASS

This is an attractive option on Spectrum Combo trailers that adds looks to your trailer and closes off the interior for winter hauling.

## 4. CHECKERPLATE ROCK GAIRD

This option adds a great look to your trailer and eliminates damage to paint caused by gravel and road debris.
